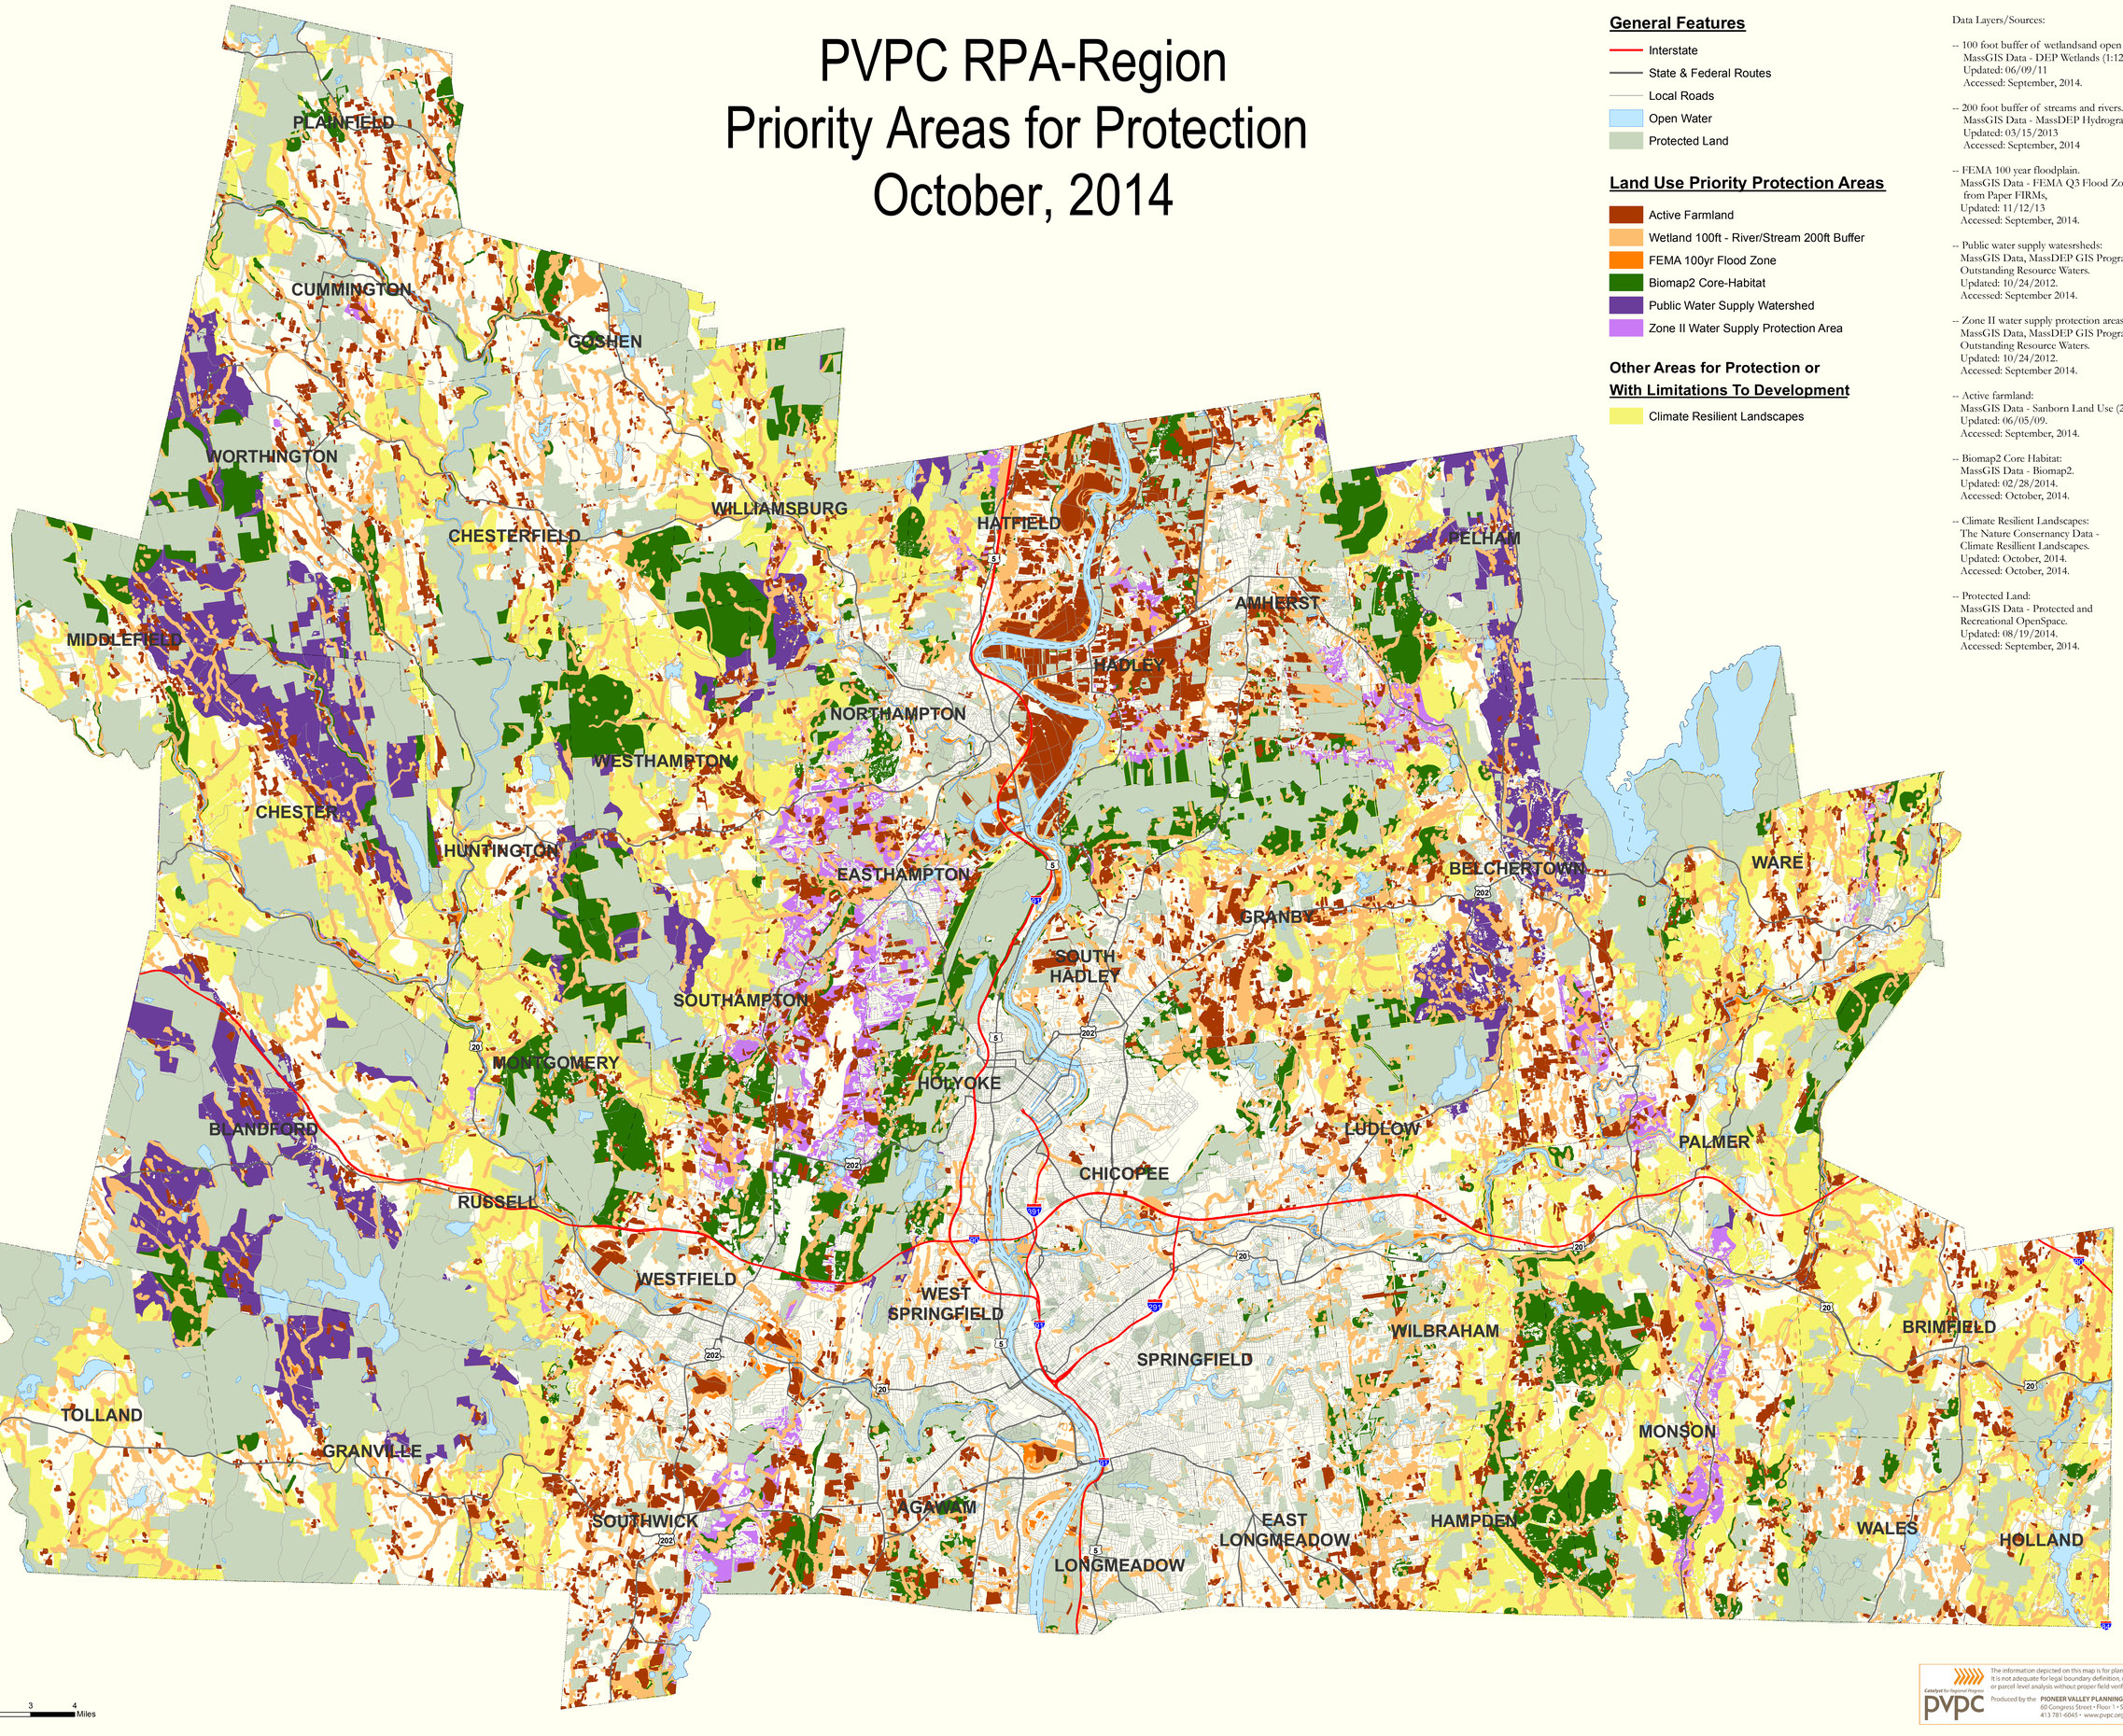
PVPC RPA-Region
Priority Areas for Protection
October, 2014



General Features

- Interstate
- State & Federal Routes
- Local Roads
- Open Water
- Protected Land

Land Use Priority Protection Areas

- Active Farmland
- Wetland 100ft - River/Stream 200ft Buffer
- FEMA 100yr Flood Zone
- Biomap2 Core-Habitat
- Public Water Supply Watershed
- Zone II Water Supply Protection Area

Other Areas for Protection or With Limitations To Development

- Climate Resilient Landscapes

Data Layers/Sources:

-- 100 foot buffer of wetlandsand open water.
MassGIS Data - DEP Wetlands (1:12,000).
Updated: 06/09/11
Accessed: September, 2014.

-- 200 foot buffer of streams and rivers.
MassGIS Data - MassDEP Hydrography (1:25,000).
Updated: 03/15/2013
Accessed: September, 2014

-- FEMA 100 year floodplain.
MassGIS Data - FEMA Q3 Flood Zones from Paper FIRMs,
Updated: 11/12/13
Accessed: September, 2014.

-- Public water supply watersrheds:
MassGIS Data, MassDEP GIS Program, Outstanding Resource Waters.
Updated: 10/24/2012.
Accessed: September 2014.

-- Zone II water supply protection areas:
MassGIS Data, MassDEP GIS Program, Outstanding Resource Waters.
Updated: 10/24/2012.
Accessed: September 2014.

-- Active farmland:
MassGIS Data - Sanborn Land Use (2005),
Updated: 06/05/09.
Accessed: September, 2014.

-- Biomap2 Core Habitat:
MassGIS Data - Biomap2.
Updated: 02/28/2014.
Accessed: October, 2014.

-- Climate Resilient Landscapes:
The Nature Conservancy Data - Climate Resillient Landscapes.
Updated: October, 2014.
Accessed: October, 2014.

-- Protected Land:
MassGIS Data - Protected and Recreational OpenSpace.
Updated: 08/19/2014.
Accessed: September, 2014.
