

CHEMICAL SAFETY & EMERGENCY PREPAREDNESS FOR COMMUNITY RESILIENCE

For community planners,
emergency responders,
EMDS, L/REPCS, & municipal users
of hazardous chemicals

TRAINING SUMMARY:

This no-cost training will cover incorporating hazardous chemical use reduction into community and regional emergency preparedness and supply chemical users with the tools they need to prevent industrial accidents. Participants will walk away with an understanding of next steps to take in their own facilities or in their communities.

TRAINING TOPICS INCLUDE:

- ◇ regulatory review
- ◇ templates for pre-plans and plans
- ◇ confidential technical assistance
- ◇ online resources & smart phone apps

SEPTEMBER 5 9 AM - 12 PM
