

MASS MOVES

*A transportation vision
for the 21st century*

NINE WORKSHOPS TO BE HELD ACROSS THE COMMONWEALTH

Come Design a 21st-Century Transportation System for Massachusetts

Transportation is central to all our lives: it is how we get to work, doctor appointments, school, gatherings with family and friends, and more. **Our transportation system—designed for the 20th century— needs a vision and action plan for this century.** A 21st-century transportation system can expand travel choices, reduce emissions, harness new technologies, and provide affordability and accessibility for all.

MassMoves is embarking on a public engagement initiative to create a statewide transportation vision, and we need your input. **As part of the State Senate's 2017 Commonwealth Conversations tour, MassMoves, funded by the Barr Foundation, is facilitating nine public workshops across the state.** We want to hear your views on values, actions, and priorities for the Commonwealth's transportation future.

State senators and other state, local, and civic leaders will be attending workshops, and they are eager to hear from you. A report summarizing the results from the workshops will provide state, regional, and local transportation decision makers with your views about the future direction of transportation in the Commonwealth.

All members of the public are invited to these workshops. We need your thoughts and ideas! Please join us.

The MassMoves workshop for Western MA will be held on:

March 28 from 12:00 PM – 2:30 PM

UMass Center at Springfield

Classroom 14

1500 Main Street

Springfield, MA 01115

To register, go to:

<https://www.eventbrite.com/e/massmoves-western-ma-tickets-31459110045>

The workshops will ask you and other participants:

- *What values should a 21st-century transportation system embody?*
- *What approaches do you think are most important to get Massachusetts on the pathway to a 21st-century transportation system?*
- *What three lead actions should be taken in your region to start on that pathway?*

The Western MA transportation workshop will be held on:
Tuesday, March 28, 2017 from 12:00 PM – 2:30 PM

**UMass Center at Springfield
Classroom 14
1500 Main Street
Springfield, MA 01115**

Doors open for lunch and registration at 11:00 AM. Presentations and table discussions with your elected representatives begin at 12:00 PM.

To register, go to:

- NORTHEAST MA**
March 21, 2017
- WESTERN MA**
March 28, 2017
- METRO WEST**
April 4, 2017
- NORTHSHORE**
April 11, 2017

Join us in person or online!

Help launch a robust effort to design the future of transportation in Massachusetts by attending a workshop or by giving us your thoughts online. Check www.massmoves.org for information on transportation, details on workshops, a platform for idea generation, and a link to the final report. For more information, please contact support staff at: okumasaka@cbuilding.org.

The workshops will be facilitated by leaders from the Consensus Building Institute, Raab Associates, and Trimount Consulting.
