

Do you have ideas to make it easier to find a place to live?

Have you faced discrimination when looking for a place to live?

FAIR HOUSING COMMUNITY CONVERSATION/DINNER

Come share your experiences and ideas on how to improve housing access in Springfield.

The City of Springfield is currently conducting a fair housing study, known as an Analysis of Impediments to Fair Housing Choice, to identify and evaluate potential obstacles or impediments to a person's ability to choose their residence free from discrimination and to recommend actions that address such impediments.

Please join us for dinner and a discussion about how Springfield can improve fair housing access.
