# PREFACE

## The Pioneer Valley Region

The Pioneer Valley Region is comprised of 43 cities and towns covering approximately 1,180 square miles. Home to over 600,000 residents, the Pioneer Valley is the fourth largest metropolitan area in New England. The map on the following page references the Pioneer Valley Region and displays an outline of the principle highways throughout.

## TIP Format and MPO Endorsement

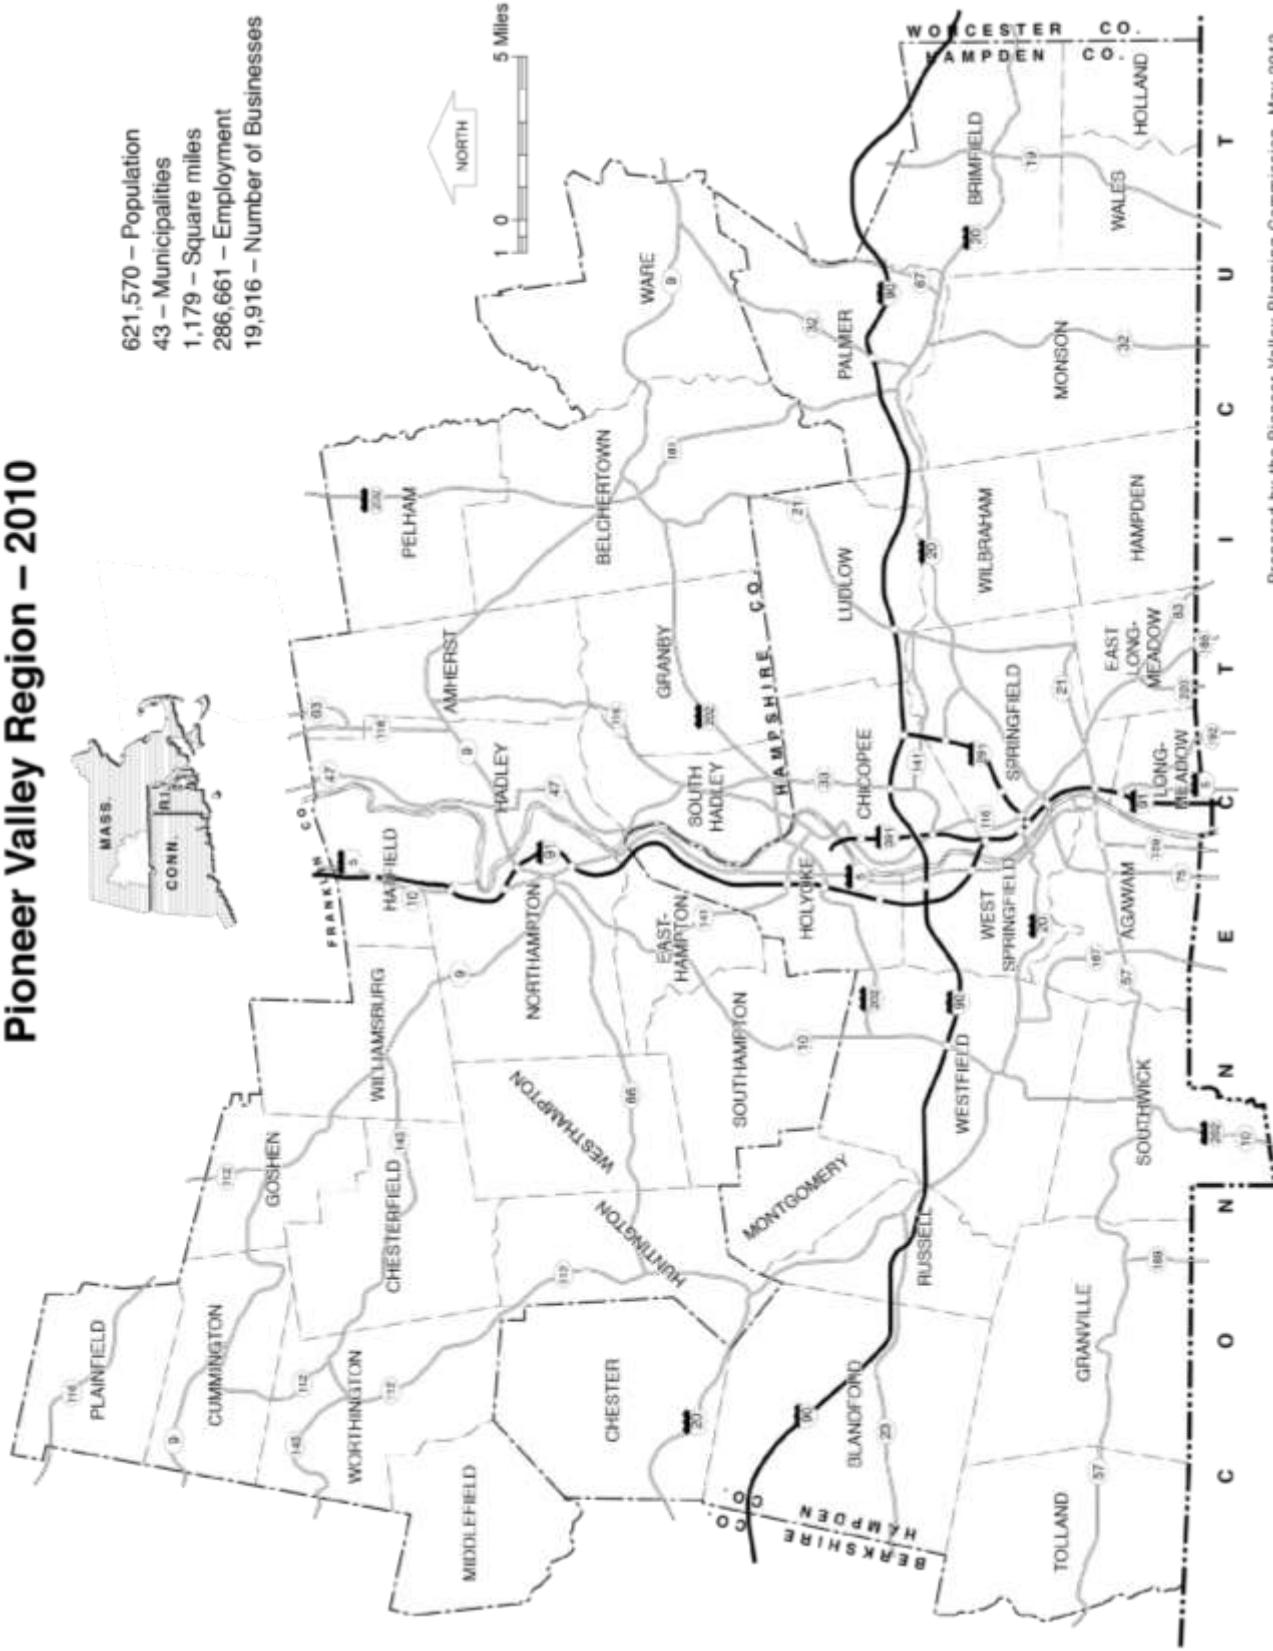

The FFY 2015-2018 TIP has been prepared with completely separate components of the document that are subject to federal review and approval and components that are not. This distinction of a “federal component” was the firm position of the Massachusetts Department of Transportation (MassDOT) as a means to avoid potential problems with adequately satisfying federal financial constraint requirements with the non-federal aid component of the TIP. Although a non-federal component of the TIP is represented, it is understood that this component is not subject to Metropolitan Planning Final Rule 23 CMR 450 section 324, therefore federal review and approval is not required.

The non-federal component is provided for the benefit of the MPO and the constituent communities as a representation of an agreed upon listing of improvement projects to be undertaken entirely with state provided resources. All projects included in the Non Federal Aid (NFA) section of the TIP must be eligible to receive federal funds and be located on a functionally classified road. The separation of federal aid projects from non-federal aid projects by no means represents a lack of commitment by the state to fund all projects specifically programmed in the document. Assuming that adequate funds are available from federal and/or state sources, it can be fully expected that the following project listings can and will be implemented over the FFY 2015-2018 time frame. Pending federal guidance approving the inclusion of non-federal aid projects without secured bonded resources in each year, the TIP will be amended to reinstate all non-federal aid projects into the document endorsed for federal review and approval.

## MassDOT Commitment to Funding all Designed and Permitted Projects

The MassDOT has committed to funding all transportation improvement projects that will be ready for advertisement in FFY 2015 and beyond. In response to this commitment, Pioneer Valley local officials in cooperation with regional and state officials from the MassHighway department and MassDOT have made a concerted effort to develop a TIP project listing that is truly representative of the projects that will realistically be ready for advertisement in FFY 2015. Funding targets for the Pioneer Valley Region have been issued by MassDOT identifying potential resources for each year of the TIP.

## Pioneer Valley Region – 2010

# I.GENERAL SUPPORT INFORMATION

## INTRODUCTION

The Transportation Improvement Program (TIP) is a requirement of the Metropolitan Transportation Planning Process as described in the Metropolitan Planning Final Rule 23 CFR 450 section 324. This regulation developed by the Federal Department of Transportation defines the Transportation Improvement Program as:

*“A staged, multiyear, intermodal program of transportation projects which is consistent with the metropolitan transportation plan.”*

The Pioneer Valley TIP is a four-year schedule of priority highway, bridge, transit, and multimodal projects identified by year and location complete with funding source and cost. The TIP is developed annually and is available for amendment and adjustment at any time. Each program year of the TIP coincides with the Federal Fiscal Year calendar, October 1 through September 30. All TIPs and amendments are consistent with the goals and objectives of the Regional Transportation Plan for the Pioneer Valley region. This TIP is financially constrained.

## FEDERAL AUTHORIZTION

MAP-21, the Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law on July 6, 2012. Funding surface transportation programs at over \$105 billion for fiscal years (FY) 2013 and 2014, MAP-21 replaces SAFTEA-LU which was enacted in 2005. The 8 planning factors defined in SAFTEA-LU have been carried over into MAP-21.

MAP-21 is a milestone for the U.S. economy and the Nation’s surface transportation program. By transforming the policy and programmatic framework for investments to guide the system’s growth and development, MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.<sup>1</sup> (See Appendix E for additional information)

### MAP-21 Performance Measures:

- Pavement conditions on the Interstate System and on remainder of the National Highway System (NHS)
- Performance of the Interstate System and the remainder of the NHS
- Bridge condition on the NHS
- Fatalities and serious injuries-both number and rate per vehicle mile traveled-on all public roads
- Traffic congestion
- On-road mobile source emissions
- Freight movement on the Interstate System

---

<sup>1</sup> <http://www.fhwa.dot.gov/map21/>

All projects in the TIP come from the conforming 2012 Regional Transportation Plan (RTP). All regionally significant projects included in the TIP were previously included in the air quality analysis completed for the conforming RTP. Because projects in the TIP come from the conforming RTP and all regionally significant RTP projects for 2015 through 2018 (both Federal and Non-Federal Aid) are programmed in the TIP, the same air quality analysis utilized for the RTP can be used for the TIP. Since most all of Massachusetts (with limited exceptions) was designated on 5/21/12 by the United States Environmental Protection Agency as “unclassifiable/attainment” for the latest ozone standard, a conformity determination for the Pioneer Valley 2015-2018 TIP is only required for Carbon monoxide. Further details and background information are provided on page 91.

## DEVELOPMENT OF THE TIP

The Pioneer Valley Metropolitan Planning Organization (MPO) is responsible for developing the TIP. The MPO is comprised of ten members including four independently operating agencies and six locally elected officials:

Name	Title
Richard A. Davey Francis DePaola	Secretary and CEO of the Massachusetts Department of Transportation Administrator of the Massachusetts Department of Transportation Highway Division
Walter Gunn	Chairman of the Pioneer Valley Executive Committee
John Musante	Chairman of the Pioneer Valley Transit Authority Advisory Board
Mayor Domenic Sarno	Mayor of Springfield
Mayor Alexander Morse	Mayor of Holyoke
Mayor Richard Cohen	Mayor of Agawam
Mayor David Narkewicz	Mayor of Northampton
George Archibie	Belchertown Board of Selectmen
Marcus Boyle	Hatfield Board of Selectmen

### Alternates

Mayor Richard Kos	Mayor of Chicopee
Mayor Daniel M. Knapik	Mayor of Westfield
Vacant	Hadley Board of Selectmen
Vacant	Palmer Town Council
Aimee Burnham	Huntington Board of Selectmen

### Ex-Officio

Pamela Stephenson	Federal Highway Administration (non-voting member)
Mary Beth Mello	Federal Transit Administration (non-voting member)
Steven Roberts	Economic Development Council of Western Massachusetts (non-voting member)
Mary MacInnes	Administrator of the Pioneer Valley Transit Authority (non-voting member)
James Czach	Chairman – Pioneer Valley Joint Transportation Committee (non-voting member)

As the lead planning agency for the MPO, the PVPC accepts the responsibility for developing the TIP in a cooperative process with members of the MPO and the general public. The final TIP is voted on for endorsement at a formal meeting of the MPO. The endorsed TIP project listing is included in the State Transportation Improvement Program (STIP) verbatim and requires endorsement by the Governor.

The MPO relies on a transportation advisory committee to carry out the cooperative process during TIP development. The Joint Transportation Committee (JTC) is a group of community appointed officials, MPO member representatives, public and private transportation providers, citizens, and special interest groups and agencies. The JTC establishes and recommends to the MPO procedures for submitting, prioritizing and selecting projects for the TIP. PVPC staff provides the technical support to conduct the TIP development activities for the JTC.

Below is a general outline of steps taken during the TIP development process.

- Project proponents (communities, MPO members, agencies) submit projects through the process outlined in Chapter 2 of the Massachusetts Project Development & Design Guidebook (2006)
- Projects are prioritized based on evaluation criteria by MPO staff, JTC representatives, and MHD staff, and MassDOT staff at a posted meeting open to all.
- The State (thru MassDOT) provides funding targets for all 13 Regional Planning Agencies in Massachusetts.
- JTC reviews and recommends projects by Transportation Evaluation Score (TEC) and readiness to the MPO.
- Draft TIP project listings are prepared by the MPO staff and distributed for review and comment to MPO members.
- MPO meets to make final decisions on the composition of the TIP and to recommend the Draft TIP for general public release as required by the MPO Public Participation Plan for the Pioneer Valley Region.
- Final Draft TIP is distributed for review, consultation and comment in accordance with the adopted MPO Public Participation Plan.
- Public meetings and news releases are conducted to promote public involvement and consultation.
- Comments are compiled and addressed where appropriate.
- Final TIP developed for the JTC's consideration and their recommendation to MPO.
- MPO meets to vote on final adjustments and endorsement of the TIP.
- Endorsed Regional TIPs are compiled by MassDOT to create the STIP.
- Secretary and CEO of MassDOT endorse the STIP (on behalf of the Governor) and submits the STIP to federal agencies for review and approval.
- Federally approved STIP is ready for state implementation (project advertisement).

Amendments and adjustments to the TIP are made on an as needed basis with the additional public review and input for formal amendments only.

#### CONGESTION MANAGEMENT PROCESS (CMP)

The Pioneer Valley Congestion Management Process (CMP) formerly the Congestion Management System (CMS) is an on-going, systematic process designed to improve transportation in the region by providing up to date information on the location, severity and extent

of congested corridors and intersections. Findings of the CMP report are used to assist in the selection of projects to be prioritized for TIP consideration, as well as assist in the prioritization of projects to be included in this document.

## 701 CMR 7.00 USE OF ROAD FLAGGERS AND POLICE DETAILS ON PUBLIC WORKS PROJECTS

701 CMR 7.00 (the Regulation) was promulgated and became law on October 3, 2008. Under this Regulation, the CMR is applicable to any public works project that is performed within the limits of, or that impact traffic on, any public road. The Municipal Limitation referenced in this Regulation is applicable only to projects where the Municipality is the Awarding Authority.

For all projects contained in the TIP, the Commonwealth is the Awarding Authority. Therefore, all projects must be considered and implemented in accordance with 701 CMR 7.00, and the Road Flagger and Police Detail Guidelines.

By placing a project on the TIP, the Municipality acknowledges that 701 CMR 7.00 is applicable to its project and design and construction will be fully compliant with this Regulation.

This information and additional information relative to guidance and implementation of the Regulation can be found at the following link on the MassDOT Highway Division website:

<http://www.MassDOT.state.ma.us/Highway/flaggers/main.aspx>

## PROJECT PRIORITY CRITERIA AND SELECTION

MassDOT developed a process and set of criteria to prioritize the region's TIP projects which was modified and endorsed by the MPO. All projects included in the TIP have been evaluated and assigned a priority value or rating (See Appendix D). This process is used as a management tool to identify projects of regional priority and program them accordingly in the TIP.

## PRIORITY CRITERIA

The Project Needs Form (PNF) is the first document completed at the start of the project development process. The PNF provides sufficient material to understand the transportation need(s), and results in one of the following three outcomes:

- Verification of the problem, need, or opportunity to enable it to move forward into design;
- Determination of the level of further project planning warranted; or,
- Dismissal of a project from further consideration.

The next step in the project development process involves summarizing the findings and direction defined in a Project Initiation Form (PIF) used by the Project Review Committee (PRC) and the MPO for project review and evaluation. The PIF will include the following information to be documented by the proponent:

- Project Type and Description, including locus map
- Summary of Project Planning Process
- Preliminary identification of the Project Category for review and programming purposes
- Definition of the proposed project management responsibility
- Definition of an interagency (including local boards) coordination plan

- Definition of a public outreach plan for the design process
- Project Need Form or Project Planning Report as an attachment
- Transportation Evaluation Criteria as an attachment

The Project Information Form and a detailed outline of the project priority evaluation criteria are presented in Appendix D.

## PROJECT SELECTION AND PROGRAMMING

The project priority ratings were applied in conjunction with a project's anticipated advertisement schedule. The funding targets provided by the MassDOT to develop the four-year program of the TIP were applied for each year in order to develop this fiscally constrained document. A project was not considered for scheduling in a year earlier than its anticipated schedule regardless of the priority rating. For projects that are expected to be ready to go in the first year of the TIP the top priority projects for that year were funded under the federal aid categories, since these funds are most secure. Once the federal aid funds were completely programmed, non-federal aid funds were programmed to priority projects. This initial assignment procedure was applied to each year of the TIP and is subject to change as the TIP is developed and refined by members of the MPO and the JTC.

## AMENDMENT/ADJUSTMENT OF THE TIP

For the purposes of project selection and programming, amendment or adjustment to the TIP can be conducted at any time. Amendment of the TIP consists of addition of a project not previously programmed, the advancement of a Year 3 project through Year 4 or a significant adjustment to project costs. Amendment requires formal MPO action, and must follow the requirements outlined in the Pioneer Valley Public Participation Plan (PPP). Additional information regarding the PPP can be found at <http://www.pvpc.org/content/pioneer-valley-public-participation-plan>

Program adjustments can be conducted without formal MPO action in order to minimize constraints on programming projects. Minor adjustments could include such actions as moving projects between Year 1 and Year 2, and minor fluctuations in project description, costs and funding source. This action can be accomplished through an agreed upon administrative action.

## DESCRIPTION OF FUNDING SOURCES

**Interstate Maintenance (IM)** - Resurfacing, restoration and rehabilitation are eligible activities for maintaining Interstate facilities. Reconstruction is also eligible if it does not add capacity. However, high-occupancy-vehicle (HOV) and auxiliary lanes can be added. Funding: federal - 90 %, state - 10 %.

**Surface Transportation Program (STP)** - This program is for the maintenance and construction of the federal aid system, all roads other than those functionally classified as local or rural minor collectors. Funds may also be flexed for use on bridge, transit capital, and bike or trail facilities. A minimum amount of 10 percent must be set aside for both safety construction activities and for transportation enhancements. The remaining STP balance is for use throughout the state. Funding: federal - 80%, state - 20%.

**Transportation Alternatives Program (TAP)** - The TAP provides funding for programs and projects defined as transportation alternatives, including on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation and

enhanced mobility, community improvement activities, and environmental mitigation; recreational trail program projects; safe routes to school projects; and projects for planning, designing, or constructing boulevards and other roadways largely in the right-of-way of former Interstate System routes or other divided highways. Funding: federal - 80%, state - 20%

**Congestion Mitigation and Air Quality Improvement Program (CMAQ)** - These funds are directed towards transportation projects and programs which reduce transportation-related emissions. These funds are to assist areas designated as nonattainment and maintenance under the Clean Air Act Amendments of 1990. These projects will contribute to meeting the attainment of National Ambient Air Quality Standards (NAAQS). Funding: federal - 80%, state - 20%.

**Highway Safety Improvement Program (HSIP)** – The HSIP requires a data-driven, strategic approach to improving highway safety on all public roads that focuses on performance. The goal of HSIP is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands. Funding: federal - 80%, state - 20%. HSIP can be funded 90/10 and even 100% federal in certain circumstances.

**Bridges (BR)** - Funds the replacement or repair of structurally deficient or unsafe bridges in urban and rural areas. All bridges, both on and off the federal aid roadway system are eligible for funding. Funding: federal - 80%, state - 20%.

**National Highway Performance Program (NHPP)** - The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS, and to ensure that investments of Federal-aid funds in highway construction are directed to support progress toward the achievement of performance targets established in a State's asset management plan for the NHS. NHPP projects must be on an eligible facility and support progress toward achievement of national performance goals for improving infrastructure condition, safety, mobility, or freight movement on the NHS, and be consistent with Metropolitan and Statewide planning requirements. Funding: federal - 80%, state - 20%.

**High Priority Projects (HPP)** High Priority Projects are congressionally earmarked projects that have been deemed as a high priority for the state where the project is located. Funding: federal - 80%, state – 20%

**Section 115 Funds** Included in the Transportation bill as congressional earmarks, each year the earmarks are given a designated funding category. In FFY2005 the funding designation for these projects was Section 115 Funds. Funding: federal – 100%, state – 0%

**Section 117 Funds** Included in the Transportation bill as congressional earmarks, each year the earmarks are given a designated funding category. In FFY2006 the funding designation for these projects was Section 117 Funds. Funding: federal – 100%, state – 0%

**Section 129 Funds** Congressional Earmarks for FFY 2008. Funding: federal – 100%, state – 0%

**Section 125 Funds** Congressional Earmarks for FFY 2009. Funding: federal – 100%, state – 0%

In compliance with FHWA guidelines projects with federal earmarks are only programmed in the FY 2014 to FY 2017 TIP if the total funding is adequate for project implementation. The remaining earmarked projects will be included in appendix Z for informational and tracking purposes.

**Non-Federal Aid (NFA)** - This funding category contains all those projects not receiving federal funds. Various categories of state funding are included in this group including bikeways, State Aid

(Chapter 90), and highway construction and maintenance (Chapter 497). This category is included in the TIP for informational purposes only. Funding: federal - 0 %, state - 100 %.

**Section 5339 Bus and Bus Facilities** – (5309 SAFETEA-LU) Program provides capital funding to replace, rehabilitate, and purchases buses and related equipment and to construct bus related facilities. Funding: Federal - 80%, State - 20%

**Section 5307 Capital** - This program provides grants to Urbanized Areas1 (UZA) for public transportation capital, planning, job access and reverse commute projects, as well as operating expenses in certain circumstances. These funds constitute a core investment in the enhancement and revitalization of public transportation systems in the nation's urbanized areas, which depend on public transportation to improve mobility and reduce congestion. Federal Share is 80% for Capital Assistance, 50% for Operating Assistance, and 80% for Americans with Disabilities Act (ADA) no-fixed-route paratransit service, using up to 10% of a recipient's apportionment.

**Section 5310** - Section 10 pertains to transportation facilities meeting special needs of the elderly and disabled. Funds allocated under Section 16(b) (2) provide private non-profit corporations and associations with grants and loans to improve the mobility of the elderly and disabled. In Massachusetts, 16(b) (2) funds are administered at the state level by the MASSDOT. These funds typically are used for the purchase of capital items, including lift-equipped vans. Mobility Assistance Program (MAP) funds are intended for use by public agencies, such as municipal councils on aging and the Pioneer Valley Transit Authority (PVTA) to provide van service to elderly and/or disabled persons.

**Section 5311** - These funds are made available exclusively for public transportation projects outside the urbanized areas. Both capital and operating expenses are eligible.

## TRANSPORTATION SYSTEM OPERATING AND MAINTENANCE COSTS

The FFY 2015-2018 TIP is consistent with the Regional Transportation Plan (RTP) for the Pioneer Valley Region. Tables 1 and 2 presents the estimates outlined in the RTP of annual expenditures associated with operating and maintaining the transportation system. These estimates represent past expenditures and do not reflect costs associated with maintaining a constant level of system performance.

**Table 1 Transportation Operating and Maintenance Expenditures**

Total Available for Programming in the Pioneer Valley RTP	2012 - 2016	2017 - 2021	2022 - 2026	2027 - 2031	2032-2036	GRAND TOTAL
	Total	Total	Total	Total	Total	Total
	\$513,004,750	\$460,033,250	\$559,457,000	\$682,197,000	\$790,754,000	\$3,005,446,000

## **II. PUBLIC PARTICIPATION SUMMARY AND CHANGES**

The DRAFT FFY 2015-2018 TIP underwent a public review and comment period consistent with the Pioneer Valley Metropolitan Planning Organizations Public Participation Process. This began May 2, 2014 and continued until June 16, 2014. During this time, comments were received from communities, JTC, PVTA, PVPC, MHD District offices and MassDOT. Below is a summary of the comments received during the public review and comment period.

<b>Comment By</b>	<b>Project</b>	<b>Comment</b>	<b>Date Received</b>	<b>Action Taken</b>
MassDOT - OTP	603730	Move Statewide TAP funds for West Springfield CT Riverwalk from FFY16 to FFY 15 per MassDOT TAP list	5/5/14	Funding moved
MassDOT	602912	Move Statewide CMAQ funds for Chicopee Riverwalk from FFY16 to FFY18 per MassDOT CMAQ list	5/5/14	Funding Moved
MassDOT	602911	Increase Statewide CMAQ funds available for CT Riverwalk in Chicopee from \$2,400,000 to \$3,261,288 per MassDOT CMAQ list	5/5/14	Funding increased
MassDOT	605384	Add Bridge in FFY 2017 in Agawam and West Springfield Route 147 over the Westfield River (including intersections) for \$14,757,120 per MassDOT bridge list	5/5/14	Project added
MassDOT	607939	Add Bridge in FFY18 in Cummington Route 9 over Westfield River for \$300,000	5/5/14	Project added
MassDOT	607560	Add Interstate Maintenance in FFY18 in Chicopee and Holyoke on I-391 for \$10,911,130	5/5/14	Project added
PVPC	Air Quality write up	Page 84 updated last paragraph to reflect current Air Quality status for Pioneer Valley and merged last two paragraphs into one.	5/12/2014	Updated Paragraph
PVPC	604203	FFY 2017 HSIP programmed for project was false low, corrected links to ensure project fully funded	5/21/2014	Project Cost Corrected
PVTA	Westfield ITC	Move Section 115 funds originally programmed in FFY 2012 into FFY 2015	5/27/2014	Funding moved
PVTA	5307 Funds	Move Section 5307 (Bus Purchase) from FFY 2015 into FFY 2014 for August bus purchase	5/27/2014	Funding moved
MassDOT – D2	605222	Update Project total in FFY2015 from \$4,233,000 to \$4,402,230	5/21/2014	Project Cost Updated
MassDOT – D2	605222	Total of STP, CMAQ and TAP for Project #605222 is \$4,402,320 (not \$4,233,000 as currently shown).	6/5/2014	Project Cost Updated
MassDOT – D2	607896	Project # should be 607869, not 607896	6/5/2014	ID Corrected

MassDOT – D2	606663	Project #606663 - Design status is PS&E (not 75% as currently shown)	6/5/2014	Status Updated
MassDOT – D2	604035	Project #604035 - Hadley - Design Public Hearing is scheduled for 6/9/2014	6/5/2014	Status Updated
MassDOT – D2	607515	Should Project #607515, District 2 - Systematic Bridge Maintenance at Various Locations (2015) be listed here? It's on the OTP Statewide List for \$1,849,536 in Total Programmed Funds (NHPP).	6/5/2014	Project Added
MassDOT – D2	607453	Total Programmed Funds for #607453 should be \$800,000 per OTP Statewide List, not \$531,250 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	605066	Project #605066, Northampton - Design is at 75% (not 25% as currently shown)	6/5/2014	Status Updated
MassDOT – D2	603730	Per OTP Statewide List, Project #603730, West Springfield CT Riverwalk, should be listed in FY15 for \$1,640,736 in STP-TE Total Programmed Funds.	6/5/2014	Project Moved
MassDOT – D2	605385	Total of STP and CMAQ for Project #605385 is \$1,976,000 (not \$1,922,170 as currently shown).	6/5/2014	Funding Updated
MassDOT – D2	607524	Per OTP 2016 FA Bridge List, the cost for "#604626" (which should be #607524) is \$2,477,738 (not \$3,115,152 as currently shown).	6/5/2014	Project Corrected
MassDOT – D2	604626	Project #604626 - I believe this project # and description are incorrect. Even though OTP's FA Bridge List shows this Project #, their list description shows only the Belchertown and Warren Bridges - that project # is #607524 (which also matches Project Info).	6/5/2014	Project Corrected
MassDOT – D2	607516	Should Project #607516, District 2 - Systematic Bridge Maintenance at Various Locations (2016) be listed here? It's on the	6/5/2014	Project Added

		OTP Statewide List for \$1,849,978 in Total Programmed Funds (NHPP).		
MassDOT – D2	606577	Total Programmed Funds per OTP IM list is \$11,597,040 for Project #606577, not \$11,469,600 as currently listed.	6/5/2014	Funding Updated
MassDOT – D2	607036	Should Project #607036, District 2 - ADA Retrofits at Various Locations be listed in Section 1D? It's on the OTP Statewide List for \$740,000 in Total Programmed Funds (STP-Flex)?	6/5/2014	Funding Added
MassDOT – D2	607001	Should Project #607001, District 2 - Stormwater Retrofits at Various Locations be listed in Section 1D? It's on the OTP Statewide List for \$1,500,000 in Total Programmed Funds (STP-Flex)?	6/5/2014	Funding Added
MassDOT – D2	603730	Project #603730 is in FY16 on the Draft TIP, but it is in FY15 on OTP's Statewide List.	6/5/2014	Project Moved
MassDOT – D2	606450	Project #606450, Holyoke - Per OTP List, Total Programmed Statewide CMAQ funds are \$1,564,867, not \$1,504,680 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	603477	Project #603477, Southwick - Per OTP List, Total Programmed Statewide CMAQ funds are \$3,617,872, not \$2,160,000 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	606555	Project #606555, Northampton - Per OTP List, Total Programmed Statewide CMAQ funds are \$2,874,896, not \$2,917,000 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	603783	Project #603783, Westfield - This project is NOT included in the OTP List for SW-TAP funding.	6/5/2014	Funding Removed
MassDOT – D2	602912	Project #602912, Chicopee - This project is NOT included in the OTP List for SW-TAP	6/5/2014	Funding Moved

		funding. It is shown in FY2018 on the OTP list for CMAQ funding for \$2,273,911 in Total Programmed Funds.		
MassDOT – D2	602911	Project #602911, Chicopee - Per OTP List, Total Programmed Statewide CMAQ funds are \$3,261,288, not \$2,400,000 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	602911	Project #602911, Chicopee - Design status is 25%, not Pre-25% as currently shown.	6/5/2014	Status Updated
MassDOT – D2	606445	Project #606445, Longmeadow, is at 75%, not 25% as currently shown.	6/5/2014	Status Updated
MassDOT – D2	607502	Project #607502, Northampton: * Project Description is cut off; * Should the funding be STP in Section 1A, not CMAQ as currently shown?	6/5/2014	Formatting Corrected
MassDOT – D2	604203	Project #604203, Agawam - Total of HSIP & CMAQ funds shown is \$1,004,008 not \$1,620,000.	6/5/2014	Funding Corrected
MassDOT – D2	606445	Project #606445, Longmeadow, is at 75%, not 25% as currently shown.	6/5/2014	Status Updated
MassDOT – D2	607528	project #607528, Amherst - * OTP list shows Funding Source as STP-BR-OFF * OTP Total Programmed Funds = \$2,644,040 not \$2,075,304 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	607517	Should Project #607517, District 2 - Systematic Bridge Maintenance at Various Locations be listed in Year 2017 Section 1D? It's on the OTP Statewide List for \$1,849,963 in Total Programmed Funds (NHPP)?	6/5/2014	Funding Added
MassDOT – D2	605384	Should Project #605384, Agawam/West Springfield Bridge Reconstruction, A-05-002=W-21-014, Route 147 over the Westfield River & Intersection & Signal Improvements	6/5/2014	Funding Added

		@ 3 Locations be listed in Year 2017 Section 1B? It's on the OTP Statewide List for \$14,757,120 in Total Programmed Funds (NHPP)?		
MassDOT – D2	607474	Project #607474, Granby/South Hadley - OTP List shows \$1,712,794, not \$1,585,920 as currently shown.	6/5/2014	Funding Updated
MassDOT – D2	607430	Project #607430, Longmeadow is at 75%, not 25% as currently shown.	6/5/2014	Status Updated
MassDOT – D2	607959	Should Project #607959, District 2 - Systematic Bridge Maintenance at Various Locations be listed in FY2018? It's on the OTP Statewide List for \$1,624,800 in Total Programmed Funds?	6/5/2014	Funding Added
FHWA	TIP Document	<b>Page 17, Paragraph 2.</b> Please update the language in this paragraph to reflect the most recent certification review.	6/12/2014	Language Updated
FHWA	Table 5	<b>Table 5.</b> The total at the bottom of the table (\$171,880,221) does not account for TAP funds. Please check the formulas used in the table to make sure they are correct. Should also check the rest of the tables in the document.	6/12/2014	Formulas Corrected
FHWA	TIP Document	<b>Page 83, First Paragraph.</b> This paragraph states that a conformity determination for the 2015-2018 TIP is not required. However, PVPC is actually required to make a conformity determination for CO in this TIP. See below emails for further clarification on this.	6/12/2014	Language Updated
FHWA	TIP Document	<b>Page 84, Last Paragraph.</b> Please change “2014-2017” to “2015 to 2018”.	6/12/2014	Language Updated

MassDOT	TIP Document	Page 79: Change text to read "in Table 18"	6/16/2014	Text updated

In addition to the above changes, the Pioneer Valley Transit Authority requested that the following be included: The Pioneer Valley Transit Authority, the FTA Section 5307(c) applicant, has consulted with the Pioneer Valley Planning Commission and concurs that the TIP satisfies the public hearing requirements that pertain to the development of the Program of Projects for regular Section 5307, Urbanized Area Formula Program, grant application including the provision for public notice and the time established for public review and comment.

For FTA projects that are not routine; i.e. Section 5307 applications that required environmental assessment or an environmental impact statement, the public involvement provided herein for TIP review is not sufficient. Additional public involvement will be required by FTA prior to grant approval, as presented in the joint FHWA/FTR environmental regulations, 23 CFR-Part 771.

The Federal Aid (FA) and Non-Federal Aid (NFA) elements were separated into two components. The FA component of the TIP was endorsed by the MPO and the NFA component is included in the main body of the TIP, however, is not subject to federal planning rules.

## CERTIFICATION OF THE 3-C PLANNING PROCESS

In accordance with the Metropolitan Planning Final Rule, the Pioneer Valley MPO has completed its review and hereby certifies that the conduct of the 3-C Transportation Planning Process complies with the requirements of CFR 450.334 and includes activities to support the development and implementation of this TIP, the Regional Transportation Plan, and subsequent project development activities, as necessary and to the degree appropriate.

To reinforce this self certification, the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) conducted a certification review of the Pioneer Valley MPO planning process in December 2011. The two day on-site review was preceded by a desk audit of the major planning documents completed as part of the planning process. Based on the certification review, the transportation planning process for the Pioneer Valley region was found to substantially meet the requirements of 23 CFR 450 Subpart C and 49 CFR 613.

## PIONEER VALLEY MPO ENDORSEMENT SHEET

The signatures below signify that all members of the Pioneer Valley Region's Metropolitan Planning Organization, or their designees, have met on June 18, 2014 and discussed the following item for endorsement:

### CERTIFICATION OF THE 3C PLANNING PROCESS

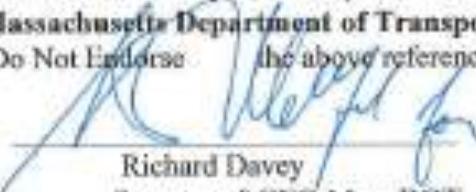

Concurrent with the submittal of the proposed TIP to the FHWA and the FTA, the MPO shall certify that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

1. 23 U.S.C. 134, 49 U.S.C. 5303, and this subpart;
2. In non-attainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93;
3. Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
4. 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
5. Section 1101(b) of the SAFETEA-LU (Pub. L. 109-59) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
6. 23 CFR Part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts
7. The provisions of US DOT and of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
8. The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
9. Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
10. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.
11. Anti-lobbying restrictions found in 49 USC Part 20. No appropriated funds may be expended by a recipient to influence or attempt to influence an officer or employee of any agency, a Member of Congress, in connection with the awarding of any Federal contract.

## FUNDING INFORMATION

### **FEDERAL AID FUNDING TARGETS**

The MassDOT provided the revised PVPC federal aid highway funding targets and CMAQ targets for the region on February 24, 2014. The targets are provided for FFYs 2015 through 2018 and represent both the federal aid portion and respective state match.

Federal financial resources for transit are projected using appropriated amounts provided by the FTA for the funding categories of Sections 5307 and 5311. Section 5309 funds are based on estimates of what will be reasonably available. Due to the discretionary nature of these categories, project line items are maintained in the fourth year of the TIP until an actual grant award is tendered. Section 5310 is programmed through the state and is awarded on a discretionary basis. Projections are based on past experience and the funding level provided by the State.

### **FEDERAL AID FINANCIAL CONSTRAINT**

The federal aid element of the TIP is financially constrained according to the definition in Federal Register 23 CFR Part 450.324. The federal aid projects programmed for this region reasonably meet the federal aid funding targets provided for the region. Only projects for which funds can reasonably be expected have been included. Table 3 shows both these target amounts and the amounts programmed for highway projects during fiscal years 2015-2018. Projects that are not charged against the funding targets are not presented in the table. These projects include: Statewide items; and special funding projects. Table 4 shows the projected transit funds for FFY 2015 – 2018.

Projects using Target funds were inflated 4% per year starting in FFY2016 in order to reflect year of expenditure (YOE).

**Table 3 Federal Highway Financial Plan**

Fiscal Year	2015	2016	2017	2018
<b>STP Target</b>	\$11,434,853	\$13,602,583	\$13,886,190	\$13,886,190
<b>STP Programmed</b>	\$11,431,071	\$13,602,583	\$13,309,487	\$13,739,315
<b>CMAQ Target</b>	\$4,053,720	\$3,378,100	\$3,378,100	\$3,378,100
<b>CMAQ Programmed</b>	\$4,053,720	\$3,376,169	\$3,378,100	\$3,378,100
<b>HSIP Target</b>	\$1,201,102	\$1,080,992	\$1,080,992	\$1,080,992
<b>HSIP Programmed</b>	\$1,201,102	\$1,080,992	\$1,080,992	\$1,080,992
<b>TAP Target</b>	\$473,939	\$809,741	\$526,134	\$526,134
<b>TAP Programmed</b>	\$473,939	\$809,741	\$526,134	\$526,134
<b>Total Available Funds</b>	<b>\$17,163,853</b>	<b>\$18,871,416</b>	<b>\$18,871,416</b>	<b>\$18,871,416</b>
<b>Total Programmed Funds</b>	<b>\$17,159,832</b>	<b>\$18,869,485</b>	<b>\$18,294,713</b>	<b>\$18,724,541</b>

The funding targets were programmed to projects according to project priority rating. Projects were programmed slightly beyond the program target with the understanding that the targets are not earmarks and program levels are expected to fluctuate.

The TIP reflects an emphasis on the maintenance and operation of the current transportation system with the ability to provide capital improvements. The federal aid program for each year consists of almost entirely of maintenance projects for the present transportation system.

The transit program outlined in Table 4 represents both apportioned items as well as discretionary items. The total programmed amount represents both the federal, state and local contributions.

**Table 4 Federal Transit Financial Plan**

<b>Funding / Fiscal Year</b>	<b>2015</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>
<b>5307</b>	\$15,767,558	\$14,246,207	\$14,532,555	\$15,212,214

<b>Other Non Federal Aid</b>	\$2,971,471	\$11,100,000	\$45,930,980	\$2,603,086
<b>Total</b>	<b>\$21,970,902</b>	<b>\$46,457,382</b>	<b>\$62,930,980</b>	<b>\$18,848,704</b>
<b>State Contract Assistance (SCA)</b>	\$22,980,428	\$23,680,558	\$24,372,872	\$25,082,494

The transit projects programmed focus on maintaining and operating the present system while implementing the recommendations of the Comprehensive Service Analysis (CSA) completed in the spring of 2014. For more information regarding the CSA please go to PVTA website. [www.pvta.com](http://www.pvta.com).

## **IV. FEDERAL AID REGIONAL PROJECT LISTINGS**

The following is a complete listing of the Pioneer Valley Federally Funded Transportation Improvement Projects for Fiscal Years 2015 - 2018.

### **ORGANIZATION OF PROJECT LISTINGS**

Each project in the TIP contains the following information:

**MassDOT Project ID** - Project identification numbers given by the Massachusetts Highway Department.

**MassDOT Project Description** – Includes Town or city in which a project is located, and a description of work to be funded under the project.

**MassDOT District** – The MassDOT sub-Region where the project is located, for PVMPO projects will be in either District 1 or District 2.

**Funding Source** - The funding category from which funding is expected.

**Total Programmed Funds** - The total funding for the project under the specified funding source.

**Federal Funds** - The amount of federal dollars allocated for project construction.

**Non-Federal Funds** - The amount of non-federal dollars allocated to the project.

**Additional Information** – Provides additional project information including design status, Transportation Evaluation Criteria (TEC) Score, and YOE Cost.

**Regional Target** - The total combined Federal and State dollar amount provided for project funding.

**TEC Score** – This score is based on criteria developed rank the regional significant of each eligible TIP project

**Table 5: Federally Funded Projects Year 2015**

## **VI. STATEWIDE FEDERAL AID PROJECT LISTING**

The MassDOT provided each planning agency a listing of statewide items anticipated for FFY 2015 to 2018. These items are to be funded separately from the regional TIP program. This information is provided in the following Tables.

2015 Statewide Transportation Improvement Program

Draft EFFY 2015-2018 STP

## **VIII. Air Quality Conformity Information**

Since most all of Massachusetts (with limited exceptions) was designated on 5/21/12 by the United States Environmental Protection Agency as “unclassifiable/attainment” for the latest ozone standard, a conformity determination for the Pioneer Valley 2015-2018 TIP is not required for ozone. Conformity determination is however required for carbon monoxide. Further details and background information are provided below:

### **Carbon Monoxide**

A new transportation conformity determinations for carbon monoxide is required for the 2015-2018 TIP in Central Massachusetts MPO (Worcester); Pioneer Valley MPO (Springfield); Boston MPO (Waltham and Boston Area); Northern Middlesex MPO (Lowell).

The Boston Carbon Monoxide Area (nine communities - Boston, Cambridge, Chelsea, Everett, Malden, Medford, Quincy, Revere, and Somerville) has a maintenance plan in place with a SIP-Approved 2010 motor vehicle carbon monoxide emission budget in place requiring a regional emission analysis for any carbon monoxide conformity determination of the Boston CO Area.

Limited Maintenance Plans are in place for Worcester; Springfield; Waltham and Lowell, hence regional emissions analyses are assumed to satisfy the budget test in these areas.

### **Ozone**

As of July 20, 2013, Dukes County, Massachusetts [Dukes County Wampanoag Tribe of Gay Head (Aquinnah) of Massachusetts] is nonattainment, classification marginal, for the 2008 8-Hour Ozone National Ambient Air Quality Standard (NAAQS), also known as the 2008 ozone standard. However, Interagency Transportation Conformity Consultation has determined Dukes County, Massachusetts to be an isolated rural nonattainment area for the 2008 8-hour ozone standard. An ozone conformity determination is required when the isolated rural area (Dukes County) includes non-exempt projects in its STIP/TIP and TP. See 40 CFR Section 109(g) for conformity in isolated rural nonattainment and maintenance areas.

### **Introduction**

The 1990 Clean Air Act Amendments (CAA) require metropolitan planning organizations within nonattainment and maintenance areas to perform air quality conformity determinations prior to the approval of Long-Range Transportation Plans (LRTPs) and Transportation Improvement Programs (TIPs), and at such other times as required by regulation. A nonattainment area is one that the U.S. Environmental Protection Agency (EPA) has designated as not meeting certain air quality standards. A maintenance area is a nonattainment area that now meets the standards and has been re-designated as maintaining the standard. A conformity determination is a demonstration that plans, programs, and projects are consistent with the State Implementation Plan (SIP) for attaining the air quality standards. The CAAA requirement to perform a conformity determination ensures that federal approval and funding go to transportation activities that are consistent with air quality goals.

The entire Commonwealth of Massachusetts was previously classified as nonattainment for ozone, and was divided into two nonattainment areas. The Eastern Massachusetts ozone nonattainment area included Barnstable, Bristol, Dukes, Essex, Middlesex, Nantucket, Norfolk, Plymouth, Suffolk, and Worcester counties. Berkshire, Franklin, Hampden, and Hampshire counties comprised the Western Massachusetts ozone nonattainment area. With these classifications, the 1990 Clean Air Act Amendments (CAA)

required the Commonwealth to reduce its emissions of volatile organic compounds (VOCs) and nitrogen oxides (NOx), the two major precursors to ozone formation to achieve attainment of the ozone standard.

As of April 22, 2002, the city of Springfield was re-designated as being in attainment for carbon monoxide (CO) with an EPA-approved limited maintenance plan. In areas with approved limited maintenance plans, federal actions requiring conformity determinations under the transportation conformity rule are considered to satisfy the "budget test" (as budgets are treated as not constraining in these areas for the length of the initial maintenance period). Any future required "project level" conformity determinations for projects located within this community will continue to use a "hot-spot" analysis to assure that any new transportation projects in this CO attainment area do not cause or contribute to carbon monoxide non-attainment.

### **Legislative and Regulatory Background**

The 1970 Clean Air Act defined a one-hour national ambient air quality standard (NAAQS) for ground-level ozone. The 1990 CAAA further classified degrees of nonattainment of the one-hour standard based on the severity of the monitored levels of the pollutant. The entire commonwealth of Massachusetts was classified as being in serious nonattainment for the one-hour ozone standard, with a required attainment date of 1999. The attainment date was later extended, first to 2003 and a second time to 2007.

In 1997, the EPA proposed a new, eight-hour ozone standard that replaced the one-hour standard, effective June 15, 2005. Scientific information had shown that ozone could affect human health at lower levels, and over longer exposure times than one hour. The new standard was challenged in court, and after a lengthy legal battle, the courts upheld it. It was finalized in June 2004. The eight-hour standard is 0.08 parts per million, averaged over eight hours and not to be exceeded more than once per year. Nonattainment areas were again further classified based on the severity of the eight-hour values. Massachusetts as a whole was classified as being in moderate nonattainment for the eight-hour standard, and was separated into two nonattainment areas—Eastern Massachusetts and Western Massachusetts.

In March 2008, EPA published revisions to the eight-hour ozone NAAQS establishing a level of 0.075 ppm, (March 27, 2008; 73 FR 16483). In 2009, EPA announced it would reconsider this standard because it fell outside of the range recommended by the Clean Air Scientific Advisory Committee. However, EPA did not take final action on the reconsideration so the standard would remain at 0.075 ppm.

After reviewing data from Massachusetts monitoring stations, EPA sent a letter on December 16, 2011 proposing that only Dukes County would be designated as nonattainment for the new proposed 0.075 ozone standard. Massachusetts concurred with these findings.

On May 21, 2012, (77 FR 30088), the final rule was published in the Federal Register, defining the 2008 NAAQS at 0.075 ppm, the standard that was promulgated in March 2008. A second rule published on May 21, 2012 (77 FR 30160), revoked the 1997 ozone NAAQS to occur one year after the July 20, 2012 effective date of the 2008 NAAQS.

Also on May 21, 2012, the air quality designations areas for the 2008 NAAQS were published in the Federal Register. In this Federal Register, the only area in Massachusetts that was designated as nonattainment is Dukes County. All other Massachusetts counties were classified as unclassifiable/attainment. Therefore, conformity for ozone in the Pioneer Valley MPO does not require conformity under the current 2008 standard and the MPO does not need to perform a conformity determination for ozone on the program.

## TITLE 23 - TRANSPORTATION FUNDING

### FEDERAL FISCAL YEAR 2018 FEDERAL REGIONAL TARGETS

24-Feb-14

	Obligation Authority	Obl. Auth. Matching	Total Funding Based On
Base Obligation Authority	\$550,000,000		
Redistribution, as Estimated by FHWA	\$50,000,000		
<b>Total Estimated Obligation Authority Available:</b>	<b>\$600,000,000</b>		
ABP GANS Repayment	106,236,614		
<b>Total Non-Earmarked Available Statewide - (Including State Match)</b>	<b>493,763,386</b>	<b>112,326,958</b>	<b>\$66,090,344</b>
<b>Statewide Infrastructure Items:</b>			
Statewide Infrastructure Program	\$5,600,000	\$1,400,000	\$7,000,000
Statewide HSIP Program	\$18,000,000	\$2,000,000	\$20,000,000
Statewide Safe Routes to Schools Program	\$5,000,000	\$1,250,000	\$6,250,000
Statewide CMAQ	\$30,000,000	\$7,500,000	\$37,500,000
Statewide Recreational Trails	\$800,000	\$200,000	\$1,000,000
Statewide ITS	\$11,920,000	\$2,980,000	\$14,900,000
Statewide Interstate Maintenance Program	\$53,020,000	\$5,891,111	\$58,911,111
Statewide NHS Preservation Program	\$25,000,000	\$6,250,000	\$31,250,000
Statewide RR Grade Crossings	\$800,000	\$200,000	\$1,000,000
Statewide Stormwater Retrofits	\$4,000,000	\$1,000,000	\$5,000,000
Statewide ADA Implementation Plan	\$3,200,000	\$800,000	\$4,000,000
Subtotal Statewide Infrastructure Items:	\$157,340,000	\$29,471,111	\$186,811,111
<b>Other Statewide Items:</b>			
Award Adjustments, Change Orders, Project Value Changes, Etc.	\$30,900,000	\$7,725,000	\$38,625,000
Planning	\$24,800,000	\$6,200,000	\$31,000,000
DBEs, FAPO, Pavement Lab Retrofits, and Misc. Programs	\$500,000	\$200,000	\$1,000,000
Subtotal Other Statewide Items:	\$56,500,000	\$14,125,000	\$70,625,000
<b>Regional Major Infrastructure Projects:</b>	<b>\$32,800,000</b>	<b>\$8,200,000</b>	<b>\$41,000,000</b>
<b>Bridge Program:</b>			
Statewide Bridge Maintenance Program	\$8,000,000	\$2,000,000	\$10,000,000
Statewide Bridge Repl. / Rehab Program	\$33,463,386	\$23,365,847	\$116,829,233
Statewide Bridge Inspection Program	\$5,000,000	\$1,250,000	\$6,250,000

## **APPENDIX B: Project Priority Evaluation Criteria Sample Sheet**

TRANSPORTATION EVALUATION CRITERIA						
Community Project Description		TRANSPORTATION CRITERIA			OTHER IMPACT CRITERIA	
PROJECT TYPE	Condition	Mobility	Safety	Cost Effectiveness	Community Effects and Support	Land Use and Economic Development
Roadways	Magnitude of pavement condition improvement	Effect on magnitude and duration of congestion	Effect on crash rate compared to state average	Cost per Unit Change in Condition	Residential effects: right-of-way, noise, aesthetics, cut-through traffic, other	Business effects: right-of-way, access, noise, traffic, parking, freight access other
	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>
	Magnitude of improvement of other infrastructure elements	Effect on travel time and connectivity/access	Effect on bicycle and pedestrian safety	Cost per lane Mile	Effect on service to minority or low income neighborhoods - EJ	Sustainable development
	<b>0</b>	<b>0</b>	<b>0</b>	<b>\$</b>	<b>0</b>	<b>0</b>
	Effect on other modes using facility	Effect on transportation security and evacuation routes	Cost per AADT	Other impact/benefits to minority or low income neighborhoods	Consistent with regional land-use and economic development plans	Historic and cultural resource effects
	<b>0</b>	<b>0</b>	<b>\$</b>	<b>0</b>	<b>0</b>	<b>0</b>
	Effect on regional and local traffic		Cost per AADT per lane mile	Public, local government, legislative, and regional support	Effect on job creation.	Effect on wildlife habitat and endangered species
	<b>0</b>		<b>\$</b>	<b>0</b>	<b>0</b>	<b>0</b>
				Effect on development and redevelopment of housing stock.		Effect on Green House Gas Emissions
				<b>0</b>		<b>0</b>
	Avg. Score (-3 to +3)	(-3 Avg. Score to +3)	(-3 Avg. Score to +3)	Avg. Score (-3 to +3)	(-3 Avg. Score to +3)	(-3 Avg. Score to +3)
	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>
					Total Score (-18 to +18)	<b>0</b>

## **APPENDIX C: Summary of Operation and Maintenance Expenditures**

Massachusetts Department of Transportation - Highway Division  
Summary of Operating and Maintenance Expenditures  
Pioneer Valley Region - Part 1: Non-Federal Aid

**Section I - Non Federal Aid Maintenance Projects - State Bondfunds**

Program Group/Title Group	Budgeted SFY 2012 Expenditures	Budgeted SFY 2013 Expenditures	Current SFY 2014 Expenditures to Date
<b>01 - Bridge Repair &amp; Replacement</b>			
New Bridge (Included)	\$0	\$0	\$0
Bridge Replacement (Included)	\$0	\$0	\$0
Bridge Reconstruction/Reroof	\$1,000,000	\$1,000,000	\$1,000,000
Bridge Maintenance	\$0	\$0	\$0
Structures Maintenance	\$2,700,711	\$1,000,000	\$0
<b>02 - Bridge Painting</b>			
Painting - Structures	\$0	\$0	\$0
<b>03 - Roadway Reconstruction</b>			
Road Reconstruction (Included)	\$0	\$0	\$0
Road Recon - Added Capacity (Included)	\$0	\$0	\$0
New Construction (Included)	\$0	\$0	\$0
Road Recon - Rebar and Reroof	\$0	\$0	\$0
Road Recon - No Added Capacity	\$0	\$0	\$0
Road Recon - Minor Widening	\$200,000	\$0	\$0
Road Recon - Major Widening	\$0	\$0	\$0
<b>04 - Roadway Resurfacing</b>			
Resurfacing	\$0	\$0	\$0
<b>05 - Intersection &amp; Safety</b>			
Impact Mitigation	\$0	\$0	\$0
Safety Improvements	\$0	\$0	\$0
Traffic Signals	\$0	\$0	\$0
<b>06 - Signs &amp; Lighting</b>			
Lighting and Electrical	\$1,000	\$100	\$0,724

## **APPENDIX D: Metropolitan Planning Area (MPA) State and Local Consulted Agencies**

As required in MAP-21, the Moving Ahead for Progress in the 21st Century Act (P.L. 112-141) consulted with agencies and officials responsible for other planning activities within the MPA (metropolitan planning area) that are affected by transportation (including State and local planned growth, economic development, environmental protection, airport operations, or freight movements) or coordinate its planning process (to the maximum extent practicable) with such planning activities

PVMPO fulfilled these requirements through the processes tied to the Joint Transportation Committee (JTC). Listed below are two tables, table 16 list agencies with transportation interest in the Metropolitan Planning Area (MPA) that were contacted for the purpose of consultation while developing the TIP. Table 17 lists the agencies from table 16 which responded and coordinated meetings were held during TIP development.

**Table 16: Agencies Contacted**

Agency	Agency Location
Westfield River Wild and Scenic Advisory Committee	Haydenville
MassDOT - Office of Transportation Planning	Boston
FEDERAL HIGHWAY ADMIN	Cambridge
US EPA	Boston
MassDOT	Boston
COUNCIL ON AGING	Granby
AIR QUALITY CONTROL (DEP)	Boston
FEDERAL TRANSIT ADMIN	Cambridge
MassDOT Highway Division District 1& 2	Northampton/Lenox
OFFICE OF SOCIAL CONCERN	Springfield
Economic Development Council of Western Mass	Springfield
PETER PAN BUS LINES, INC.	Springfield
Pioneer Valley Transit Authority (PVTA)	Springfield
BARNES AIRPORT	Westfield
Pioneer Valley RR	Westfield
Bike/Ped Community (MassBike)	Williamsburg
UMASS Transit	Amherst
UMASS Traveler Information Center (RTIC)	Amherst

These agencies are solicited to comment and provide relevant information during TIP development and are invited to attend all meetings and workshop involving project evaluation. Agendas and information in regards the TIP and its development are distributed by mail prior to meetings as outlined in the Public Participation Plan for the Pioneer Valley.

**Table 17: Agencies Providing Consultation)**

Agency	Agency Location
Pioneer Valley Planning Commission	Springfield
MassDOT – Highway District 2	Northampton
MassDOT – Office of Transportation Planning	Boston
Federal Highway Administration	Cambridge

## **APPENDIX E: MAP-21 Performance Management Information**

# Performance Management

## Program purpose

A key feature of MAP-21 is the establishment of a performance- and outcome-based program. The objective of this performance- and outcome-based program is for States to invest resources in projects that collectively will make progress toward the achievement of the national goals.

**Statutory citation(s):** MAP-21 §§1106, 1112-1113, 1201-1203; 23 USC 119, 134-135, 148-150

### National policy in support of performance management

"Performance management will transform the Federal-aid highway program and provide a means to the most efficient investment of Federal transportation funds by refocusing on national transportation goals, increasing the accountability and transparency of the Federal-aid highway program, and improving project decision-making through "[§1203; 23 USC 150(a)]

### National performance goals

Establishes national performance goals for the Federal-aid highway program in seven areas:

[§1203; 23 USC 150(b)]

Goal area	National goal
Safety	To achieve a significant reduction in traffic fatalities and serious injuries on all public roads
Infrastructure condition	To maintain the highway infrastructure asset system in a state of good repair
Congestion reduction	To achieve a significant reduction in congestion on the National Highway System
System reliability	To improve the efficiency of the surface transportation system
Freight movement and economic vitality	To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development
Environmental sustainability	To enhance the performance of the transportation system while protecting and enhancing the natural environment
Reduced project delivery delays	To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through

	eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices
--	--

#### Performance measures

Requires the Secretary, in consultation with States, metropolitan planning organizations (MPOs), and other stakeholders, to establish performance measures in the areas listed below. Provides for DOT to establish such measures within 18 months of enactment, and prohibits DOT from establishing additional performance measures. [§1203; 23 USC 150(c)]

- Pavement condition on the Interstate System and on remainder of the National Highway System (NHS)
- Performance of the Interstate System and the remainder of the NHS
- Bridge condition on the NHS
- Fatalities and serious injuries—both number and rate per vehicle mile traveled--on all public roads
- Traffic congestion
- On-road mobile source emissions
- Freight movement on the Interstate System

#### Performance targets

- *Setting of State targets.* Within one year of the DOT final rule on performance measures, requires States to set performance targets in support of those measures. States may set different performance targets for urbanized and rural areas. [§1203; 23 USC 150(d)]

To ensure consistency each State must, to the maximum extent practicable –

- coordinate with an MPO when setting performance targets for the area represented by that MPO; and
- coordinate with public transportation providers when setting performance targets in an urbanized area not represented by an MPO. [§1202; 23 USC 135(d)(2)(B)]
- *Setting of MPO targets.* Within 180 days of States or providers of public transportation setting performance targets, requires MPOs to set performance targets in relation to the performance measures (where applicable). To ensure consistency, each MPO must, to the maximum extent practicable, coordinate with the relevant State and public transportation providers when setting performance targets. [§1201; 23 USC 134(h)(2)].
- *Plans requiring targets.* Requires the following plans to include State targets (and/or MPO targets, as appropriate):
  - Metropolitan transportation plans. [§1201; 23 USC 134(i)(2)(B)]
  - Metropolitan Transportation Improvement Program (TIP). [§1201; 23 USC 134(j)(2)(D)]

- Statewide Transportation Improvement Program (STIP). [§1202; 23 USC 135(g)(4)]
- State asset management plans under the National Highway Performance Program (NHPP). [§1106; 23 USC 119(e)]
- State performance plans under the Congestion Mitigation and Air Quality Improvement program. [§1113(b)(6); 23 USC 149(l)]

Additionally, State and MPO targets *should* be included in Statewide transportation plans. [§1202; 23 USC 135(f)(7)]

- *Reporting on progress.* Requires States to report on the condition and performance of the NHS; the effectiveness of the investment strategy document in the State asset management plan for the NHS; progress toward achieving performance targets; and the ways in which the State is addressing congestion at freight bottlenecks. [§1203; 23 USC 150(c)]

#### Thresholds for bridge and pavement condition

- *Establishment of thresholds.* Requires DOT to establish, as part of its rulemaking on performance measures, minimum thresholds for Interstate pavement condition. [§1203; 23 USC 150(c)(3)]

Requires each State to maintain minimum thresholds for Interstate pavement condition (the level set by DOT in its rulemaking) and NHS bridges (no more than 10% of total NHS bridge deck area may be on structurally deficient bridges). [§1106; 23 USC 119(f)]

- *Failure to meet thresholds.* Requires a State that fails to meet or maintain these thresholds over a statutorily-designated time period to reserve a specified portion of its NHPP funding for Interstate pavement and NHS bridge projects. In some cases also requires the State to transfer a specified portion of its Surface Transportation Program (STP) funding to NHPP. (See NHPP fact sheet for detail) [§1106; 23 USC 119(f)]

#### Trends in safety performance

Imposes additional requirements on a State in relation to specified measures of highway safety: [§1112; 23 USC 148(g)]

- *Rural road safety.* If the fatality rate on rural roads in a State increases over the most recent two year period, the State must dedicate a specified amount of funds under the Highway Safety Improvement Program for high risk rural road safety projects.
- *Older driver and pedestrian safety.* If the traffic fatalities and serious injuries per capita for drivers and pedestrians over the age of 65 in a State increase over the most recent two year period, the State must detail in its next Strategic Highway Safety Plan how it intends to address increases in those rates.

### Other accountability measures

- *Target achievement under NHPP.* Requires a State that fails to achieve (or to make significant progress toward achieving) its performance targets for the NHS for two consecutive reports to describe in its next performance report to DOT (under amended 23 USC 150(e)) the actions it will take to achieve its targets. [§1106; 23 USC 119(e)(7)]
- *Target achievement under HSIP.* Requires a State that fails to achieve (or to make significant progress toward achieving) its HSIP performance targets within two years of the targets' establishment to –
  - dedicate a specified portion of its obligation authority to HSIP projects until the Secretary determines that the State has made significant progress toward or met the targets; and
  - annually submit to the Secretary an implementation plan that includes certain specified components related to highway safety until the Secretary determines that the State has made significant progress toward or met the targets. [§1112; 23 USC 148(i)]
- *Certification of planning process for Transportation Management Areas (TMAs).* Continues to require the Secretary to certify at least once every four years whether the metropolitan planning process of an MPO serving a TMA meets the requirements, including the requirements of 23 USC 134 and other applicable Federal law. One of these requirements is to include a performance-based approach in the metropolitan transportation planning process (see 23 USC 134(h)(2)). Absent this certification, DOT may withhold up to 20% of the funds attributable to the metropolitan planning area. [§1201; 23 USC 134(k)(5)]
