

Introducing...

Home MPG

The Massachusetts Department of Energy Resources is sponsoring a community-based energy saving initiative, called Home MPG. Home MPG is only available to select communities, for a limited time. The foundation of the Home MPG initiative is to measure your home's energy performance level using one simple number - an Energy Performance Score - similar to the miles per gallon rating on your car. By helping you better understand your home's energy use, Home MPG helps you make smart decisions about implementing improvements that make your home more energy efficient and reduce your energy costs.

As a participant in the Home MPG initiative, you may be eligible to receive the benefits of the Mass Save® Home Energy Services Program (sponsored by your local utility), **PLUS BONUS INCENTIVES only available as part of the Home MPG initiative.**

This is a limited time, limited budget initiative - **DON'T MISS OUT!**

CALL 866-527-7283 to schedule your no-cost Home Energy Assessment.

MassSave.energy-performance-score.com

Home MPG is funded in part by the US DOE.

mass.gov/doer

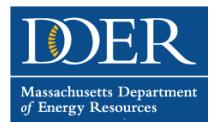

*Customers must meet program eligibility requirements to participate. Eligibility for rebates/incentives is based on findings from the Home Energy Assessment. HEAT Loan offers 0% financing up to \$25,000 with terms up to 7 years; loan approval is determined by participating lender. Home MPG Bonus Incentives/Rebates are a limited time, limited budget, voluntary participation offer, and requires pre-approval; all installations must be completed by August 31, 2013. The combined Mass Save insulation incentive plus the Home MPG Bonus Incentive may cover up to 75% of the cost of installed insulation work, but may not exceed \$3,750. Some restrictions apply and offers are subject to change or cancellation.

A COMMUNITY-BASED
ENERGY SAVING INITIATIVE

**GENEROUS INCENTIVES
AVAILABLE FOR A
LIMITED TIME!**

HOME MPG WHAT'S INCLUDED

By participating in the Home MPG initiative you may be eligible* for:

- A no-cost Home Energy Assessment to evaluate energy saving opportunities throughout your home
- Insulation instant rebates of 75% off, up to \$3,750 (includes bonus incentive)
- No-cost, targeted air sealing to stop air leaks in your attic and/or basement
- Bonus rebates on high efficiency heating and hot water equipment
- 0% financing opportunity for eligible improvements through the Mass Save HEAT Loan Program
- An “Energy Performance Score” report for your home
- Thermal imaging analysis (available for some customers)

Plus, you can start saving right away with no-cost immediate savings measures such as compact fluorescent light bulbs (CFLs), programmable thermostats, showerheads, and faucet aerators – installed at the time of the Assessment, as applicable.

You will receive a “before and after” Energy Performance Score – one at the time of the Assessment and one after the recommended improvements have been made – making it easy to see your expected energy and cost savings!

Visit MassSave.energy-performance-score.com to see if a thermal image exists of your home.
