

Do you want a rain garden designed and installed on your property?

Come learn about how you can apply!

(residential, commercial, and institutional properties are eligible)

Rain gardens are landscaped depressions designed with soils and a variety of plants to receive and treat rainfall from rooftops, driveways, and other impervious surfaces. They help to beautify landscapes and reduce localized flooding.

While the procedure to apply for a rain garden is simple, you must attend this information session to qualify.

When: Saturday, September 20, 1:30 to 3 p.m.

Where: Central High School,
1840 Roosevelt Ave., Springfield

Please register with Patty Gambarini at: (413) 781-6045 or
pgambarini@pvpc.org

This information session is part of a Pioneer Valley Planning Commission project with the Regenerative Design Group to build up to 10 rain gardens in Springfield.
